00: Hand Gestures

**Basic Hand Gestures**

Enjoy these intuitive gestures to work with ease.

**One Finger Tap**
- Product Selection
- Tool Selection
- Edit Board or Library Title

**One Finger Press & Hold**
- Add Products to Board
- Add Products to Library
- Move Layer Position

**One Finger Press & Drag**
- Move Image on Board
- Adjust Slide Bar
- Pan Board

**One Finger Swipe**
- Organize Library Folders
- Delete Library Folders

**Two Finger Pinch**
- Zoom + Scale Images
00: Hand Gestures

Advanced Hand Gestures

Work like a pro with these advanced gestures to enhance and simplify your mood-boarding experience!
01: Start a New Board

**Project Page Interface**

- **Blank**
  - Start with a completely blank board.

- **Sample**
  - Start with an inspiration board curated by Morpholio.

- **Import**
  - Import a .morpholioboard file from cloud storage.
01: Start a New Board

Folders
Create a new folder.

You can organize boards by placing them inside folders. Folders can also be placed inside folders.

Note: Learn more about folders in Your Boards section.
From the Board projects page, tap “Select” to enter into edit mode.

Did you know you can now share all of your original Board drawing files? Want to send a board to your team, AirDrop it onto your iPhone or simply save it to your files? Below is a quick “How To” guide to get you started sharing and backing up your work.

1. **Edit Mode**

   From the Board projects page, tap “Select” to enter into edit mode.
02: Your Boards

Pick Your Board
Select the boards that you want to export or share.

Hint: You can also duplicate, copy/paste, group, or delete boards while in edit mode!
3 Share Your Boards

Tap “Export” to AirDrop to another device, save to your cloud storage, or email them out. When you’re finished simply hit “Done.” It’s that easy!

Note: Some email and storage services may only allow one file to be shared at a time. Please be sure to check that all files go through.
Tap “Select” to enter Edit Mode. Tap “Done” when finished. In this mode, you can duplicate, copy, paste, group, or delete your boards.
02: Your Boards

- **Change Project Title**: Tap the project title to rename your board.
- **Arrange Projects**: Press and hold boards to rearrange.
02: Your Boards

Exit Board Management
Tap “Done” to close project management.

Select Multiple Boards
Tap the circle to select single or multiple boards to manage.

Edit Boards
Cancel selection, duplicate, copy, paste, group, or delete boards.
02: Your Boards

Add Folder
You can add new folders to sort your boards into organized categories.

Move Boards into Folder
Press and hold, then drag boards to move them into a folder.
02: Your Boards

Move Boards Back
Press and hold, then drag board to “Back to ...” to move board to outside folder.

Return to Outside Folder
Tap to return to the outside folder.
03: Basic Controls

Drag Products To Board
Press & hold to pop up.
Then drag to position.
See Products Library section for more.
03: Basic Controls

Build Your Library
Press & hold to pop up. Then drag to an open Library collection or on top of the Library icon. See Your Custom Library section for more.
03: Basic Controls

Interface Overview

Board Workspace
Layout and design your board here!

Board Toolbar
All your moodboard super tools are here! See the Board Toolbar section for more.

Ava Controls
Automated Visual Assembly Controls. See Ava section for more.
03: Basic Controls

Product Sidebar
Discover and organize your products and images.

Product Sidebar Modes
Click on each mode to activate them. You can search products, curate your custom library, use machine learning to discover new products, and get more info about your favorite ones! See Products Library, Your Custom Library, Pinterest, Shape Seed, Color Seed and AR Color Capture sections for more.

Product Sidebar Visibility
Tap this button to show or hide the Product Sidebar.
03: Basic Controls

- **Undo & Redo Buttons**: Undo and redo last actions
- **Adjust Product Sidebar**: Press & drag to resize Product Sidebar.
03: Basic Controls

**Presentation Mode**
Tap to hide all toolbars and layers and restrict editing for presentations. See Presentation Mode section for more.

**Education Toolbar**
Learn about the best tips for how to use Board!
04: Board Toolbar

Board Toolbar Interface

Grids How to video >
Add Graphics How to video >
Drawing How to video >

Export Board
Save and share your boards, cut sheets, and lists. See “Export” section for more.
04: Board Toolbar

Canvas & Grid Settings
See next page for details.

Add Image
Add from Library, Web Clipper, Camera or Cloud Drives.

Web Clipper
Screenshot websites and get auto-filled URL for Lists and Cut Sheets.

Add Text
Set font & colors. See Image Toolbar section for more.

Sketch
Select line type, thickness & color.

*Note: More details on each of these features in the pages below!
04: Board Toolbar

- **Custom Sizes**: Adjust crop marks to a perfectly desired size.
- **Background**: Select from a variety of textures, surfaces & colors.
- **Standard Sizes**: Adjust crop marks to a perfectly desired size.
- **Grid Spacing X & Y**: Adjust your grid as desired in horizontal or vertical lines.
- **Accept or Reject**: Confirm or cancel changes made to your grid.
04: Board Toolbar

- **Swatch Maker**: Add smart and beautiful color swatches!
- **Add Swatch**: Insert swatch into board.
- **Change Swatch Shape**: Swipe or tap arrows to switch shapes.
- **Swatch Label**: Select RGB, CMYK, or Hex code to add to swatch.
- **Color Selector**: Select a color or use a color dropper to pick a color from your images.
04: Board Toolbar

Add Image
Add images to your board.

Image Sources
Add images from your Photos Library, Device Camera, or Cloud Drives. Use the Web Clipper to crop images from any website! *See next page for more details.

Entourage
Choose from Morpholio-designed graphics to add to your board including people, arrows, shapes, and numbers.
04: Board Toolbar

Activate Web Clipper
Tap red crop icon to activate clipping mode.

Clip Website Image
Press and drag red dots to select the area to clip.

Tap the red check again to insert your web clip into your board!
04: Board Toolbar

- **Input Text**: Add titles, comments, and descriptions to your board!
- **Edit Text Appearance**: Edit text color and font. When you're done, tap the check to confirm your text!
- **Add New Text**: Tap to add new text block.
- **Edit Text**: Tap to edit text content and appearance.
04: Board Toolbar

Sketch!
Use Apple Pencil or one finger to press & drag to sketch over your board.

Edit Line Appearance
Edit the color, line weight, and line type of your lines. You can also undo or redo your drawing. When you’re done sketching, tap the check to insert your sketch into your board.
04: Board Toolbar

- **Clear Board**: Delete all images from your Board. Warning! This cannot be undone and is permanent.
- **Manual Save**: Be sure to save your work regularly.
- **Layer Manager**: See “Layers” section for more.
05: Layers

Layer Manager Interface

Layer Manager
Tap to show or hide your layer manager.

Note: Each image on your board is stored as a layer.
Layer Visibility
Toggle individual layer visibility on and off.

Location Lock
Lock or unlock the location of each layer.

Organize Layers
Press & hold to pop up layer. Then drag up or down to desired location.
06: Image Toolbar

Image Toolbar Bar Interface

Activate Image Toolbar
Tap on an image to activate the Image Toolbar.

Image Toolbar

How to video >
Delete
Delete the selected image.

Duplicate Image
Create a copy of the selected image.

Change Image Order
Move the selected image above or below other images on your board.

Mirror Image
Horizontally reflect the selected image.

Crop Image
Edit the boundaries of the selected image.

Add to Library
Add image to your custom product library.

Accept Changes
Confirm the changes made and close the Image Toolbar.
06: Image Toolbar

Magic Wand
Tap 🕳️ to remove white background or 🕳️ to return to original image.
07: Products Library

Products Library Interface

How to video >

Open Products Library
Tap to discover a large selection of products specially curated by Morpholio Board.
Keyword Search
Type in names of products & companies.

Discover
Search products by category, company or recent.
07: Products Library

Product Info
Tap product to popup product info.

Actions
Directly add product to board or library, pin, get a quote & visit the product website.
08: Your Custom Library

You can save, group, and organize your favorite products for easy access.

Custom Library Interface

Open Custom Library
You can save, group, and organize your favorite products for easy access.

New Collection
Tap + to create a new group of products.
Move or Delete
Swipe left on the collection title. Then, tap arrows to move the collection up & down. Tap the “x” to delete collection.
08: Your Custom Library

- **Change Collection Title**
  Tap the text to name or rename any collection.

- **Arrange Products**
  Press & hold, then drag products to rearrange the order.

  **Hint:** You can also drag the product over to the Pinterest icon to add the image to your Pinterest.
Login + Go to Pins
Log in to Pinterest using your account info.

Note: If you do not see your “Secret Boards” after refreshing, please Logout, then...Login again. Remember to accept the permissions in order to access your “Secret Boards.”
09: Pinterest

Add to Board
Tap Pin. Press & hold, then drag onto board.

Note: Remember you can also pin any product by tapping the Pinterest icon in the product popup.
When you are inside your “Boards,” tap the refresh button or pull down to REFRESH! You will see a red scroll indicating that Board is retrieving the latest changes to your Pinterest account and making your boards viewable. Sorry, not sorry. Grab a coffee and wait for the refresh! It does take a few minutes for all those images and any changes made online to find their way to you. Remember to ALWAYS keep refreshing to get your newest content.
10: Ava (Automated Visual Assembly)

- **Board Mode**: Use this mode for the majority of your design and editing. You can delete products in Board mode.
- **List Mode**: Use this mode to send a list of Board products including web addresses and notes to clients, contractors or teams.
- **Cut Sheet Mode**: Use this mode to send a book of Board products including web addresses and notes to clients, contractors or teams.

**Ava Interface**

[Cut Sheet How to video >](#)
[List How to video >](#)
Cut Sheet Layout Options
Use these buttons to view single cut sheets or grid layouts.

Cut Sheet Product Controls
Tap to hide or show products in cut sheets. Note: Hidden products will be moved to the bottom.

Add To Library
Tap to add products to your personal library.

Cut Sheet Data Controls
Use these buttons to hide or show the data you need.
10: Ava (Automated Visual Assembly)

- **Export Cut Sheets**: See Export section for more.
- **Organize Cut Sheets**: Press and hold to pop up product. Then drag up or down to desired location.
- **Cut Sheet Information**: Tap on text or text box to modify, add or remove product information.
10: Ava (Automated Visual Assembly)

**List Data Controls**
Use these buttons to hide or show the data you need.

**Export List**
See Export section for more.

**Organize List**
Press & hold to pop up product. Then drag up or down to desired location.

**List Product Controls**
Tap to hide or show products in the list.
Note: Hidden products will be moved to the bottom of the list.
11: Shape Seed

Shape Seed Interface

*Note: This is an iPad ONLY feature.
11: Shape Seed

Add Products
Press & Drag a product from the Product Library, Pinterest, or your board to the center of Shape Seed to find products with similar shape, material, and form!
11: Shape Seed

Your Board Products
All products used in your Board appear here. You can use one product’s shape and form to find other products that are similar to it!

Note: If you want to find products of a similar color use Color Seed.
11: Shape Seed

Product Details
Tap on a product to see more info, add it to your board, and more!
12: Color Seed

Color Seed Interface

How to video >

*Note: This is an iPad and Mac ONLY feature.
Color Palette from Product
Press & Drag a product from the Product Library, Pinterest, or your board to the center of Color Seed to find products with similar color!
Products Specific Color Palette
You see the colors that are embedded within a product by tapping on it. Tap a color to bring it to the center to get a new set of matches.
12: Color Seed

Your Board Products
All products used in your Board appear here. You can use one product’s color to find other products that match it!
12: Color Seed

- **Board Color Palette**: Automatically assigned based on the color palate in your board. Tap any to change the color seed.
- **Color Compliments**: Tap to choose between primary and complimentary color schemes.
- **Color Seed Saturation**: Use the slider to set the saturation of the color.
- **Color Swatch**: Tap a color to add the Swatch to your board.
- **Color Seed Brightness**: Use the slider to set the brightness of the color.
Launch AR Color Capture
Tap Color Capture to enter into Color Capture mode.

*Note: Camera Permissions must be turned on for Board Pro in your Device Settings for the AR Camera to work.

*Note: This is a 2018 and newer iPad ONLY feature.
13: Color Capture AR Mode

How to Capture Colors

Step 1: Frame the desired view with iPad’s camera to register surfaces.

Step 2: Press and hold for magnifier to select or if a surface is big enough, tap it once.

Step 3: Tap color swatches to bring into Board.

Note: Exiting the Color Capture mode will delete the colors selected. Please remember to bring in any color you want by tapping the Color Swatch.
13: Color Capture AR Mode

**Color Swatches**
Tap these to import into your Board.

**Exit**
Tap this to return to Color Seed mode. Remember to tap the colors you want before exiting.
14: AR Furniture

AR Furniture Interface

Launch AR Furniture
Tap AR icon on selected products to activate AR Furniture mode.

*Note: Camera Permissions must be turned on for Board Pro in your Device Settings for AR Furniture to work.
14: AR Furniture

Object Mode
View AR Products in white space.

View AR Furniture
Press & drag one finger to rotate object. Press & drag two fingers to pan. Pinch with two fingers to zoom in and out.

Hint: Notice the incredible detail of the fabric and material texture!

Exit
Exit AR Furniture Mode.
14: AR Furniture

**AR Furniture In Place**
Tap AR to view AR Furniture in place.

**AR Furniture**
Step 1: Pan camera back and forth to locate ground plane.
Step 2: Tap screen to lock object in place.
Step 3: Press & drag one finger to move object along the ground plane. Press & twist two fingers to rotate object until it is in the desired position.

Now you can walk around and see the product in your space!
15: Presentation Mode

Presentation Mode Interface

Full Screen
Tap arrows for presentation mode. This will hide all toolbars and functionality.

Board Presentation
15: Presentation Mode
